Product Design Manager | Bengaluru, India

sujaykumar.net | +91 88282 90489 | imsujaykumar@gmail.com | LinkedIn.com/in/sujay-k

Product Designer (6 years) building enterprise platforms in Lending, Education, Entertainment, and XR. Specialize in scalable systems (configurable modules, design foundations) and workflow redesign reducing ops load, speeding delivery, and improving adoption with measurable outcomes. Proven impact includes cutting development time, improving onboarding, and shipping AI-assisted capabilities.

Work Experience

Sr. Product Design Manager — Saison Omni, Bengaluru 7/25 to 1/26 (closure)

Enterprise lending platform as technology subsidiary of Saison International before shutdown

- Improved operational efficiency, saving **1hr/week** for ops teams by redesigning report generation workflow. Designed **self-serve account reconciliation configuration**, reducing support escalations by **30%**.
- Launched **AI-assisted document verification** as a new monetizable workflow, reducing verification turnaround time by **15%**.
- Designed enterprise-grade governance capabilities (**User Management, Business Rules Engine** config, **Audit Logs**) that reduced custom build effort and cut support tickets.
- Operationalized AI with rapid prototyping for early alignment. Built an AI-based Figma plugin to review design, raising design consistency and reducing dependency on senior bandwidth.

Sr. UX Designer — Biz2X, Noida 12/24 to 07/25

SaaS end-to-end Lending stack for the Indian market

- Reduced client onboarding time by 20%** with reusable and configurable patterns.
- Simplified collections ops by replacing complex repayment tagging with a configurable payment collection module, saving ~6 hours per 1,000 loan accounts for field agents.

Sr. UX Designer — JioTesseract, Mumbai 04/23 to 11/24

XR Platform (SDK, OS, System applications)

- Cut **development time by 60%** with an XR SDK toolkit offering cross-platform consistency.
- Developed comprehensive **design foundations** for immersive UI, motion & transitions, multi-modal interaction, and patterns that standardized XR UI principles in the ecosystem.

Mixed Reality Learning and Development enterprise solution

- Designed a no-code content creation module for **easy adoption of XR** in existing L&D practices. HR onboarding pilot achieved a **28% boost** in new hire satisfaction.
- Developed an activity-based XR learning experience with advanced tracking and insights, **enhancing learner retention**, currently live for 20+ enterprise customers.

Sr. UX Designer — BRND STUDIO, Mumbai 03/20 to 03/23

Amazon Prime Studios

- Increased asset delivery efficiency** with automated due-date calculations, and enabling localization managers to make timely interventions.

BYJU'S MentorConnect

- Reduced average wait time for customers from **3 minutes to under 30 seconds**.
- Enhanced mentor's productivity by **3x**, scaled personalized mentorship (1 mentor to 600 students) boosting student performance, engagement, and retention.

Suraksha Central (Enterprise product suite for social surveying and auditing)

- Saved an annual **expenditure of ₹3.3M** on Analytics by implementing a free and scalable data viz. dashboard for the Women and Child Departments of 7 States.
- Built SafCa, a tool to periodically **audit Child Care** Institutions in India in 4 languages under 10 parameters of the Juvenile Justice Act.

Education

B.Des., IIT Bombay 2015 to 2019

User-centered design **generalist** with a focus on interaction design.

Internship @ Platify.co

- Designed a product that bundles e-commerce services.
- Simplified recharge and bill payments with GoCharge.

Hostel Design Secretary

Institute Placement Coordinator

Design Leadership

Visiting Faculty 11/24 to present
MIT-WPU

Design Mentor 5/24 to 11/24
Designerrs Academy

Skills

Technical Skills

- Rapid Prototyping • Inclusive Design
- Information Architecture • Research
- Usability Testing • Customer Journey
- Design System & Foundations

Tools

- Figma • Adobe Creative Cloud
- AI tools • Miro • FigJam • n8n
- HTML • CSS • JS • Python

Leadership Skills

- Roadmap Planning • Team Mentorship
- Stakeholder Communication
- Project Management

Organizational accolades

Received the "Rising Star" award at Biz2X for extraordinary contribution

Awarded "Go that extra mile" twice for exceptional contributions to the team at JioTesseract.

"Early bird" award for a quick transition to the team at JioTesseract.
